Clarkson University, Potsdam, NY  
Master of Electrical Computer Engineering  
August 2007 - May 2009

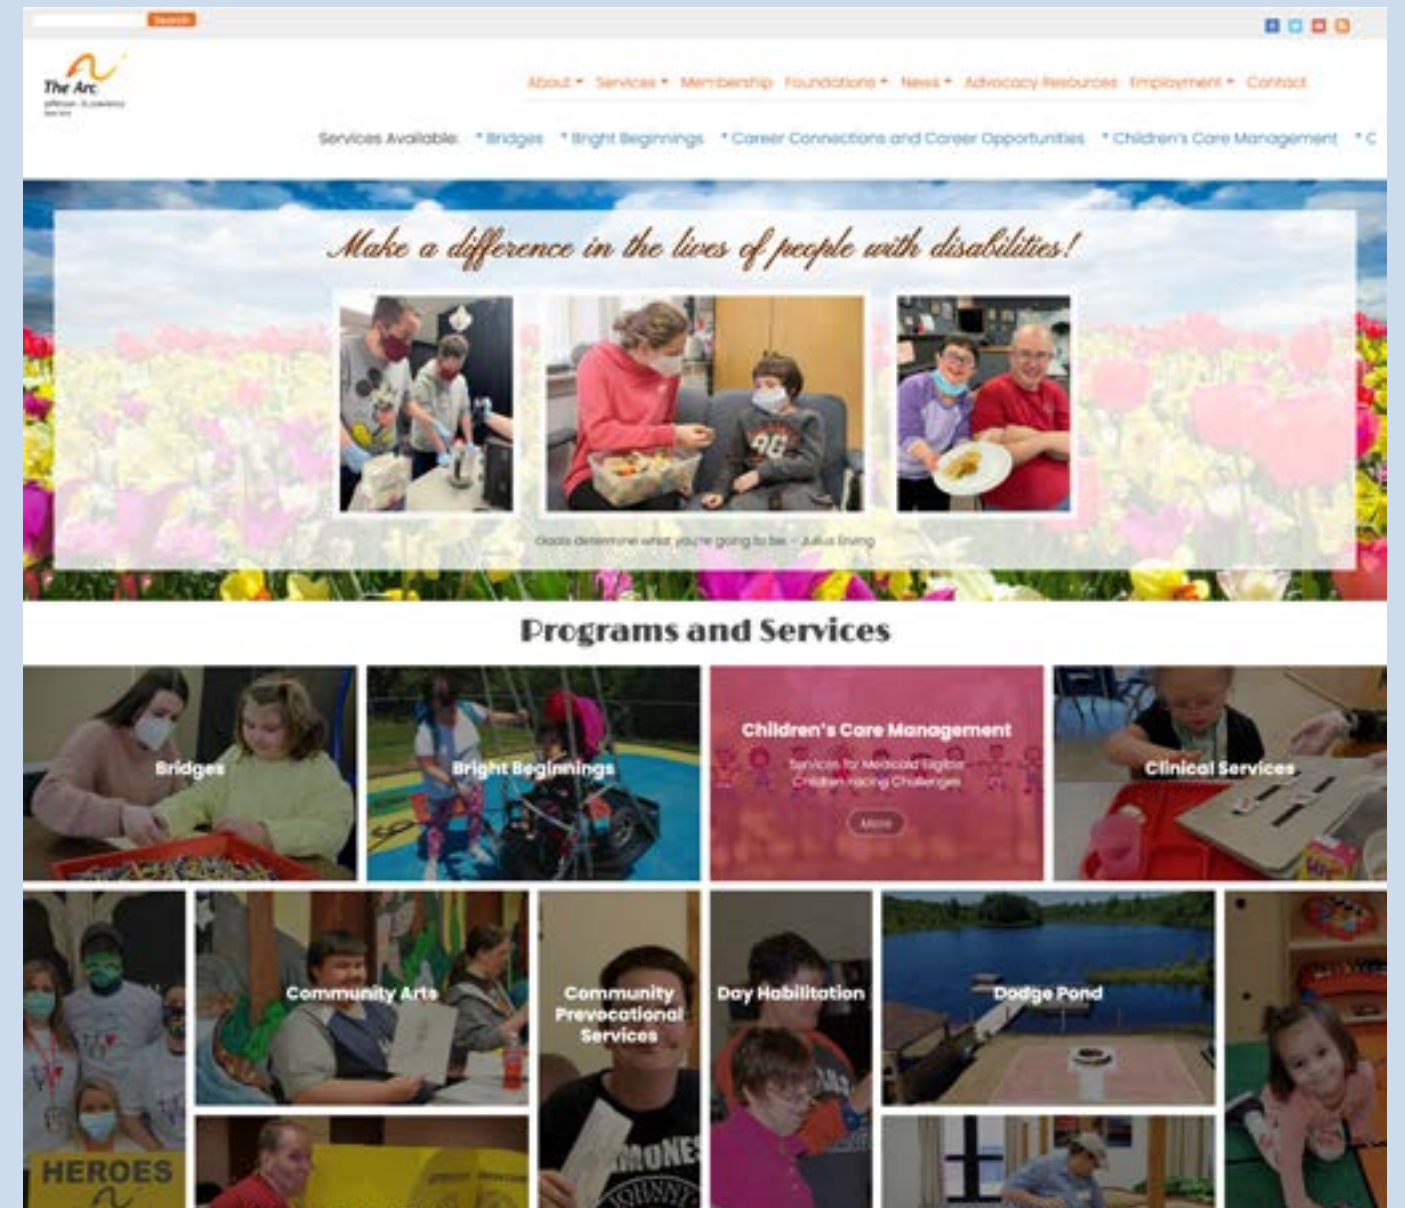

# My Own site – Static website

[www.bluewebnodes.com](http://www.bluewebnodes.com)

Created with Jekyll and customized with HTML, CSS, and Javascript to modern design. Webform with submissions. Blog with comments and an automatic index menu. Jekyll is a static site generator perfect for GitHub-hosted blogs. Free hosting on GitHub, so be it.

# Informational Website Example

[www.thearcjslc.org](http://www.thearcjslc.org)

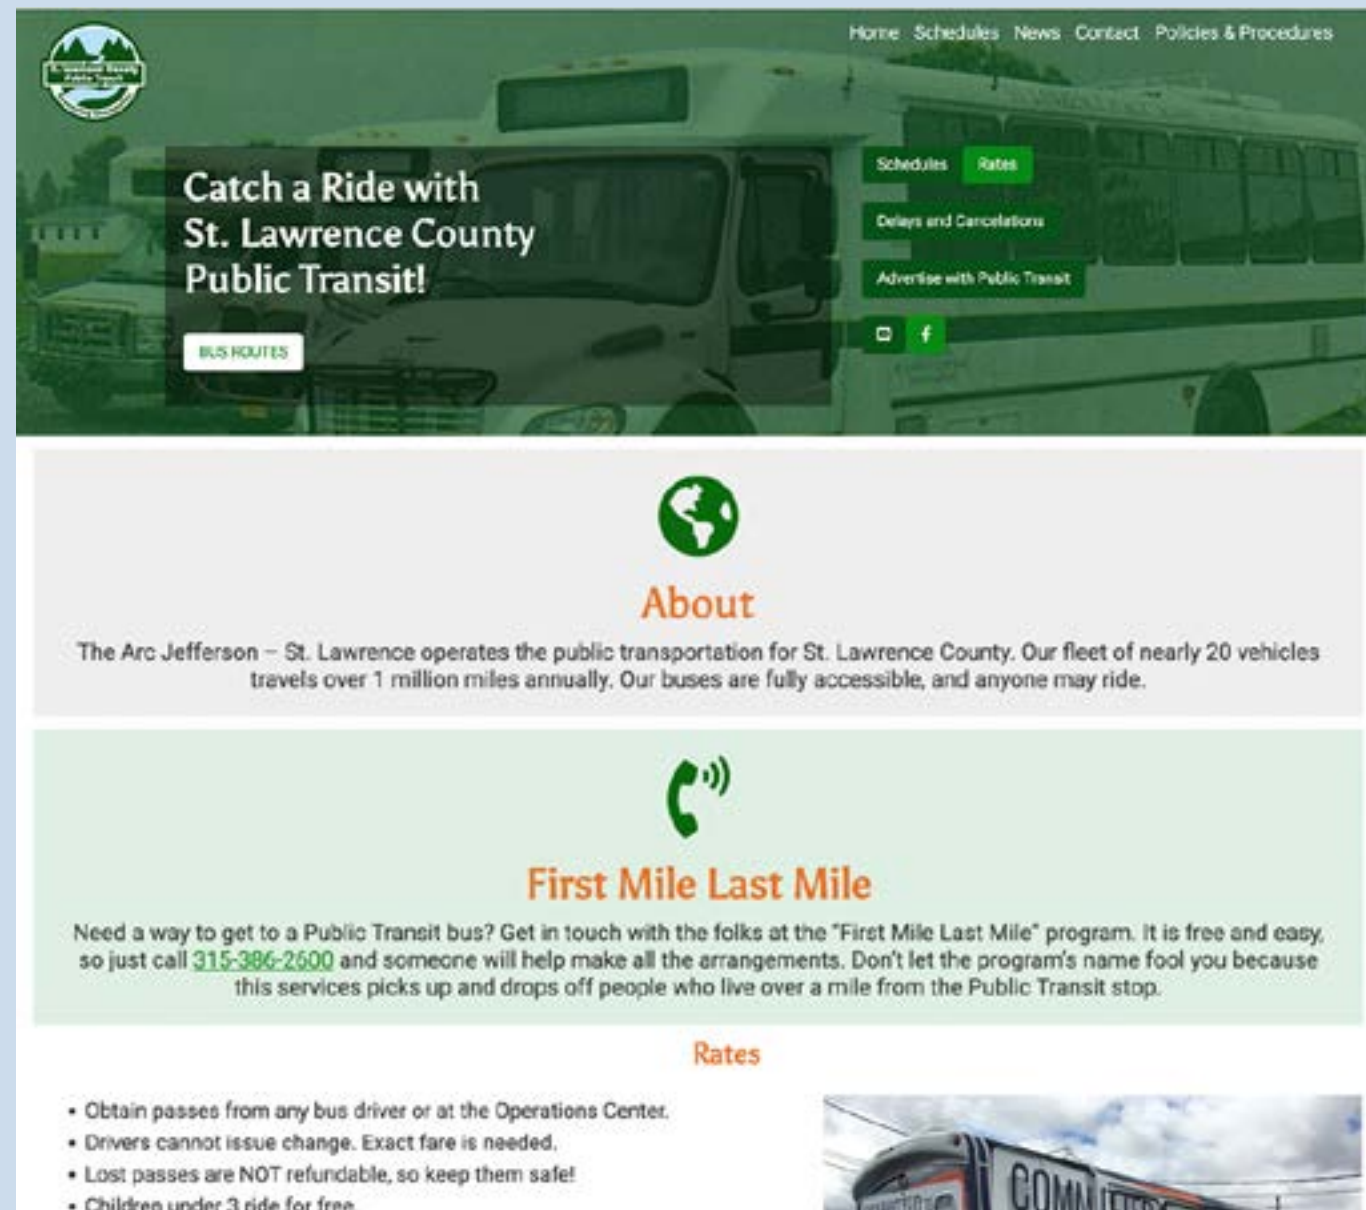

The site was created and developed on Drupal 9 with a custom sub-theme of the Barrio Bootstrap 5 base theme, and updated to Drupal 10. More regions are added in the sub-theme to make the layouts more flexible. Lots of features: Responsive design, Google Analytics, Meta tags for improving SEO, drop-down main menu, full-screen wide slideshow, varied big front banners with fancy CSS styles, three columns or two columns promo blocks on the front, HTML Email Newsletters, calendar with different color for event catalogs, upcoming events, image gallery, spam-off contact form, voting web-forms, on-line flipbook, Facebook page plug-in, horizontal scroll bar, etc.

# Informational Website Example

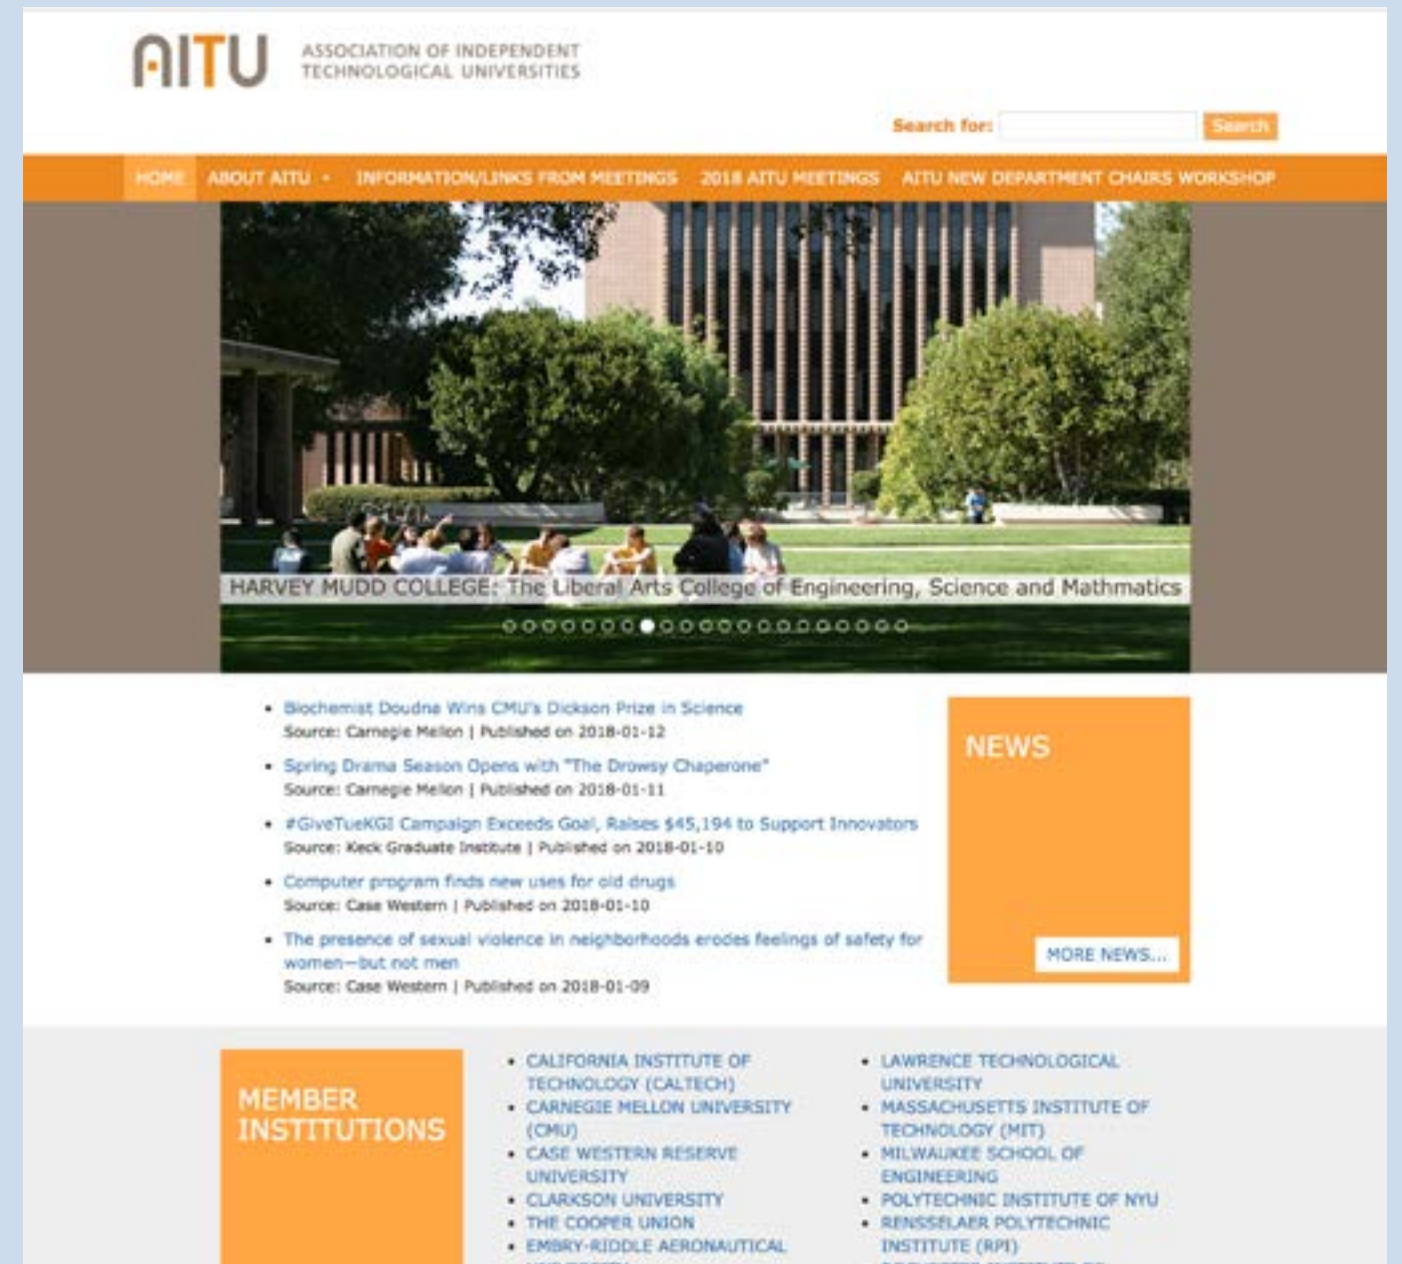

[www.slcnypublictransit.com](http://www.slcnypublictransit.com)

The site was built with Drupal 9 and a custom sub-theme of Barrio Bootstrap 4 base theme. The company logo and main menu are on the big top background. Different web pages have different titles but the same secondary menu on the different background images. The features include responsive design, Google analytics, Meta tags for improving SEO, HTML email newsletters, spam-off contact webform, Facebook page plug-in, Awesome Font icons, directly downloaded PDFs, etc.

# Informational Website Example

<https://theaitu.com>

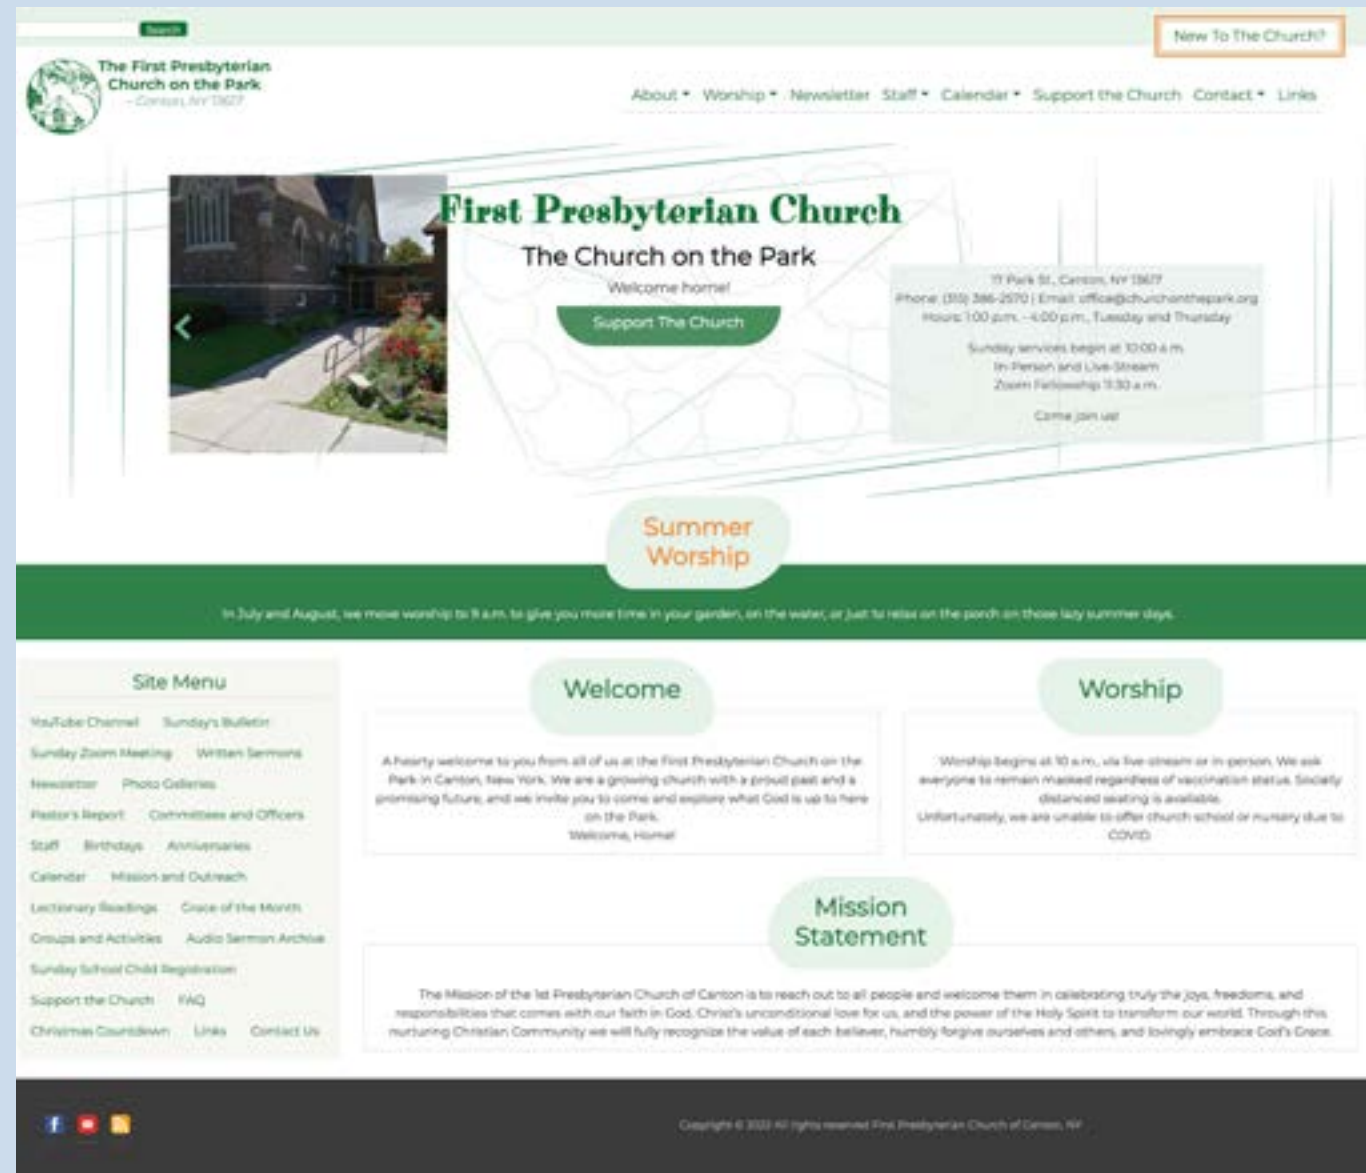

The website is for the Association of Independent Technological Universities. I built a WordPress custom theme using Bootstrap 4, PHP, HTML, and CSS. The slideshow was built in the custom theme. News feeds from all the university members.

# Informational Website Example

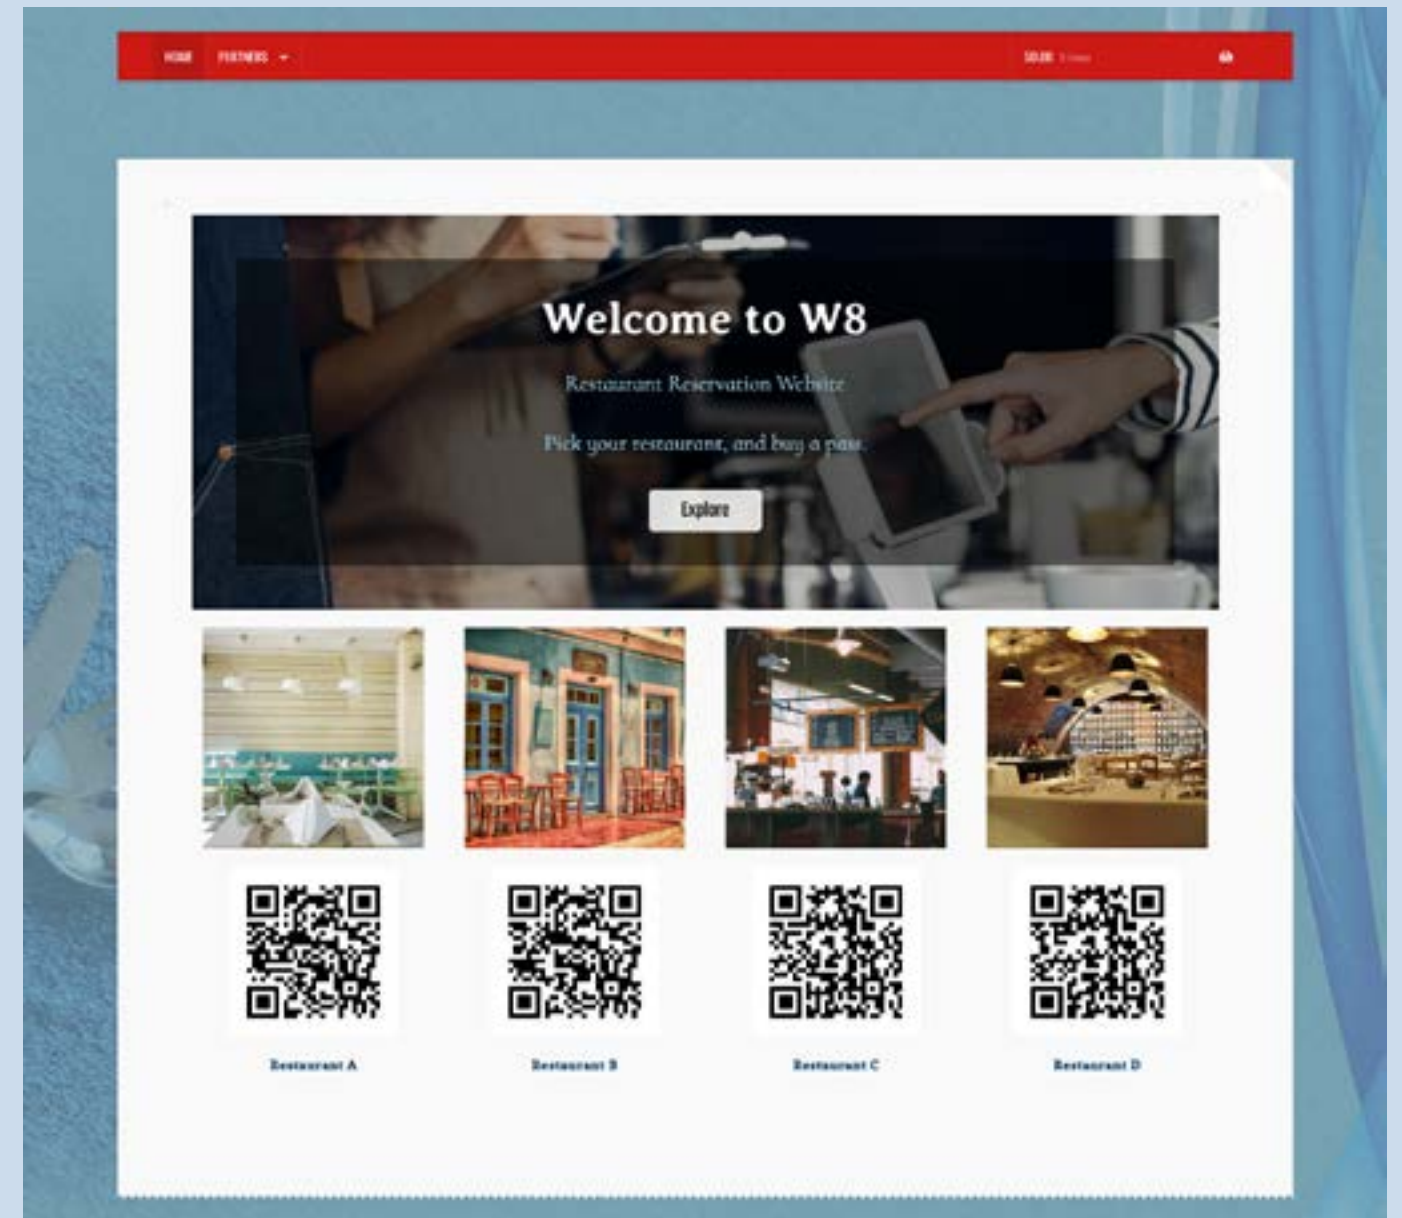

[www.churchonthepark.org/cotp/web](http://www.churchonthepark.org/cotp/web)

The site is created and developed on Drupal 9 with a custom sub-theme of Barrio Bootstrap 5 base theme. More regions are added in the sub-theme to make the layouts more flexible. Lots of features: Responsive design, drop-down main menu, custom size slideshow, HTML Email Newsletters, calendar with different colors for event catalogs, image gallery, count-down event, spam-off contact form, etc.

# E-Commerce Website Example

[www.w8-time.com](http://www.w8-time.com)

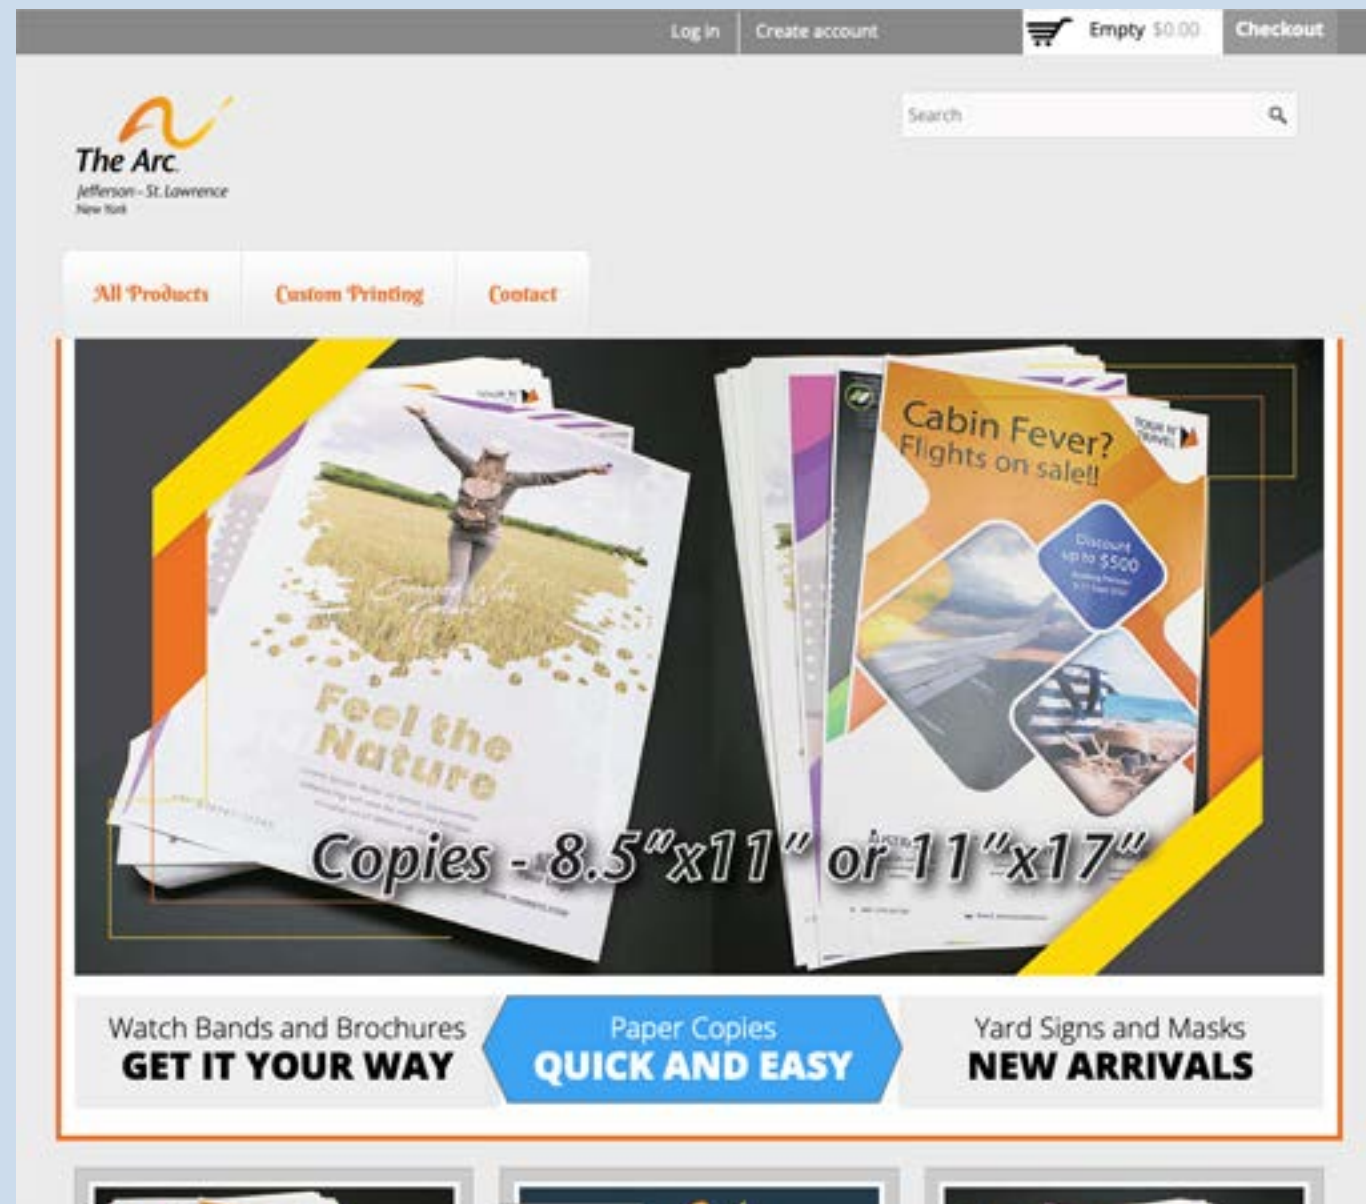

The W8 website is an eCommerce website for restaurant reservations built with WordPress and WooCommerce. The customers visit the restaurant waitlist page by scanning the QR code. They can fill out the form to join the regular waitlist or purchase a FastPass to go faster. The features include QR code, webforms, front-end table, shipping cart, credit card payment gateway, SMS and email notifications, etc.

# E-Commerce Website Example

[www.shopthearcjslc.org](http://www.shopthearcjslc.org)

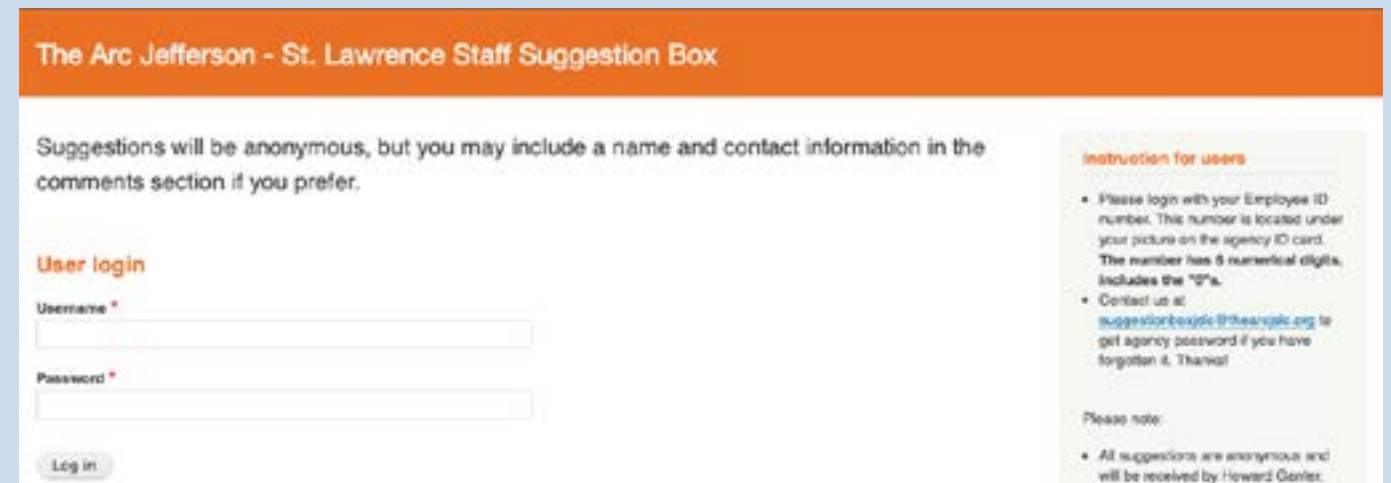

(The online store paused because of a shortage of workers.)

The custom Printing website was built with Drupal Commerce. I created the website [www.shopthearcjslc.org](http://www.shopthearcjslc.org) all by myself, even the draft of policies. I learned to make an eCommerce site as a PCI Compliance for Credit Card Payment Security. More features are a full-featured online store system, a customer membership system, and an email notification system.

# Website Effect Examples

[www.thearcjslc.org/suggestionbox](http://www.thearcjslc.org/suggestionbox)

Only the staff can sign in it. Group users import and login system security are most important for this website.

Flip Card Menu

[The Arc Jefferson - St. Lawrence newsletter] THE ARC JEFFERSON - ST. LAWRENCE HOLDS ANNUAL MEETING AND HONORS ACHIEVEMENTS

## THE ARC JEFFERSON - ST. LAWRENCE HOLDS ANNUAL MEETING AND HONORS ACHIEVEMENTS

FOR IMMEDIATE RELEASE – The Arc Jefferson - St. Lawrence ([www.thearcjstl.org](http://www.thearcjstl.org)), recently held their Annual Meeting to elect the officers for the Board of Directors, as well as honor staff members, volunteers, and individuals supported by the agency. The 2020-2021 elected officers for The Arc Jefferson – St. Lawrence Board of Directors are as follows: Jackie Sauter, President; Jennifer VanHeenen; and Joanne Rhode Vice President, Secretary/Treasurer.

Staff members, people supported, and volunteers were recognized for their achievements during the past year. Heidi Stalker received the David Brassbridge Staff Member of the Year Award. Stalker is a Residential Manager with over 18 years of experience working in a variety of roles with the Residential Services Dept. She was recognized for her excellent organizational skills, reliability, and efforts to support people to achieve their goals.

The Arc Jefferson – St. Lawrence provides lifelong opportunities that enhance the lives of people, so that they may achieve their hopes and aspirations. Applications are now being accepted for a variety of positions, including Direct Support Professionals, Occupational trainers, and Food Service Workers. To learn more and apply now, visit [www.thearcjstl.org](http://www.thearcjstl.org) or find us on Facebook.

**Working Together for Children's Core Health Services**

Central New York Health Network has partnered with hospitals, physicians, local government agencies and other community providers of the North Country region to improve the health of the community and the care available for the children in Jefferson, Lewis, and St. Lawrence Counties.

### When Care Transition Is Needed?

To meet eligibility, the child must have two or more chronic conditions, such as but not limited to:

- Mental or substance abuse
- Medical health condition
- Cardiovascular disease (or children)
- Respiratory disease (or asthma)
- Eating disorder
- Celiac disease

### Benefits of Care Transition

It's not surprising if you are fed overwhelmed or confused.

It is very difficult to navigate through the many signs of stressors that may be available for your child.

Often, you may have had extensive difficulty getting access to the services your child needs or you may have had a hard time getting appointments.

You may not know what to expect from service providers and may be reluctant to ask the questions you need to in order to better understand your child's condition.

If you've been a victim with your child or child's condition and have not had someone to call for assistance, you may have someone with a gift to connect you to the support services.

### The following chronic conditions apply:

- IUGR/SGA
- Congenital issues
- NEC (acute intestinal disturbance)

For a complete list of conditions, visit <http://www.health.ny.gov>

If your child meets the eligibility criteria and it is noted in your management plan, they can be enrolled into the Health Home Program.

### What is a Health Home?

A "Health Home" is not a place. It is a group of health care services providers working together to make sure that the child gets the care and services they need for day-to-day life – at the right time in the right amounts.

### What is the Health Home Goal?

The goal of the Health Home is to make sure children with Medical and/or from complex physical and/or behavioral health conditions get access to the care and services they need in order to be healthy.

The Health Home partners with other children's service agencies that provide Care-Managed/Integrated children.

A dedicated Care Manager is assigned to the child and is responsible for coordinating all of their health services.

The Care Manager can help the child and family understand their chronic condition, manage their condition and/or assist, support, support's service provided with the child's care.

### Health Home Care Management Plan

**Office for  
People with  
Developmental  
Disabilities  
Eligibility**

To be eligible for services, one must have a life-long disability which occurred before the age of 18 and of which includes diagnosis such as intellectual disability and other neurological disabilities.

*Open to people with any eligibility*

## Fiscal Intermediary

**Individual's Family**  
 Acting as Stronging Employer or the New Supervisor

Co-Manager  
 Employer of Record

**Individual**

The fiscal intermediary provides a multitude of supports, including:

- Providing a compliant living expense with requests (background checks, required training or cost, payroll and benefits, home, health, etc.)
- Providing information based upon the Individualized plan budget

The fiscal intermediary is also responsible to collect and receive all required paperwork and documentation to ensure compliance with Medicaid (IPWDC) payments.

### Self-Direction

Children and Adults who get eligible for (IPWDC) services and awarded in the Home and Community Based Services Waiver may choose to self-direct their services.

Self-Direction allows people with intellectual or developmental disabilities and their families to choose and manage their own budgets and services.

- Offers people supported greater choice and control over the supports they receive.
- Expands their options beyond traditional programs to include services:
  - Respite services for sufficient, informal, or self-help
  - Community (clubs or classes)
  - Day memberships
  - Camps

Individuals in Self-Direction may choose:

- An agency to help them self-direct
- To ensure that services are provided and paid only from their intermediary and Support budget.

### Brokerage Services

Support Services enable people with developmental disabilities who cannot self-direct their services with budget authority, to develop a service plan and manage a Self-Direction budget.

Self-Direction provides individuals who self-direct in managing their supports and services. People who participate in Self-Direction may call for and manage their own Self-Direction budget and decide on the supports and services they want. Just like the funding allowed for those supports and services is allocated.
