Informational Website Example

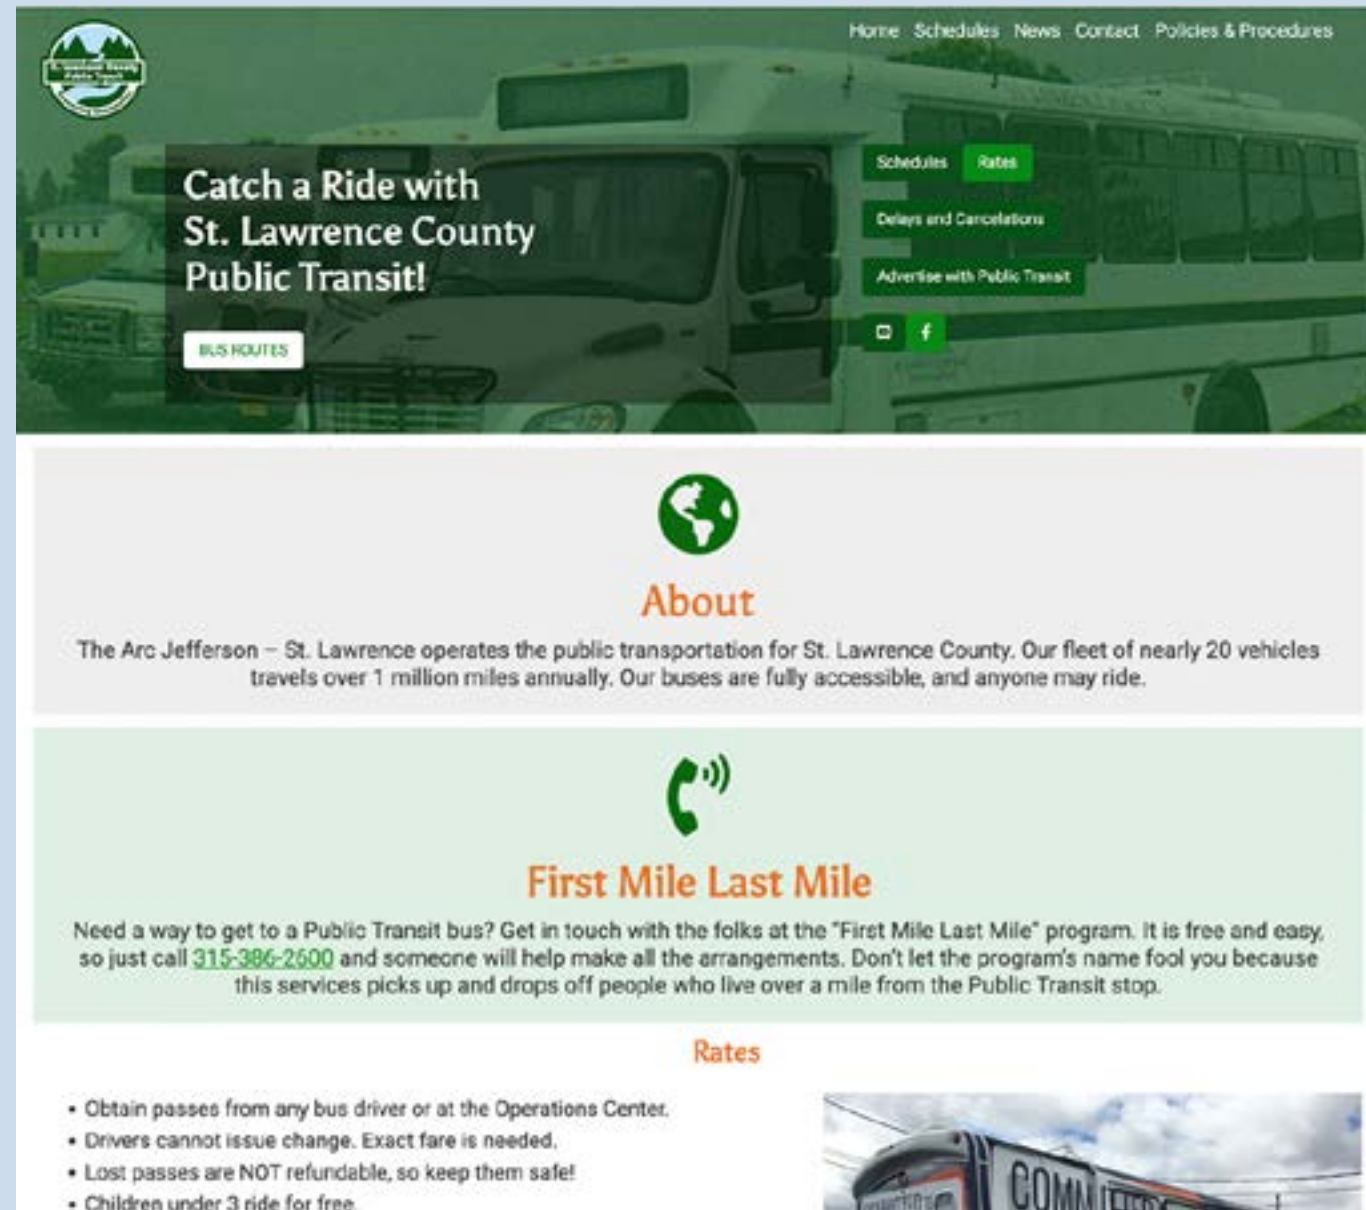

www.thearcjslc.org

The site is created and developed by Drupal 9 with a custom sub-theme of Barrio Bootstrap 5 base theme. More regions are added in the sub-theme to make the layouts more flexible. Lots of features: Responsive design, Google analytics, Meta tags for improving SEO, drop-down main menu, full screen wide slideshow, varied big front banners with fancy CSS styles, 3 columns or 2 columns promo blocks on the front, HTML Email Newsletters, calendar with different color for event catalogs, upcoming events, full screen wide slideshow, image gallery, spam-off contact form, voting web-forms, on-line flipbook, Facebook page plug-in, horizontal scroll bar, etc.

Informational Website Example

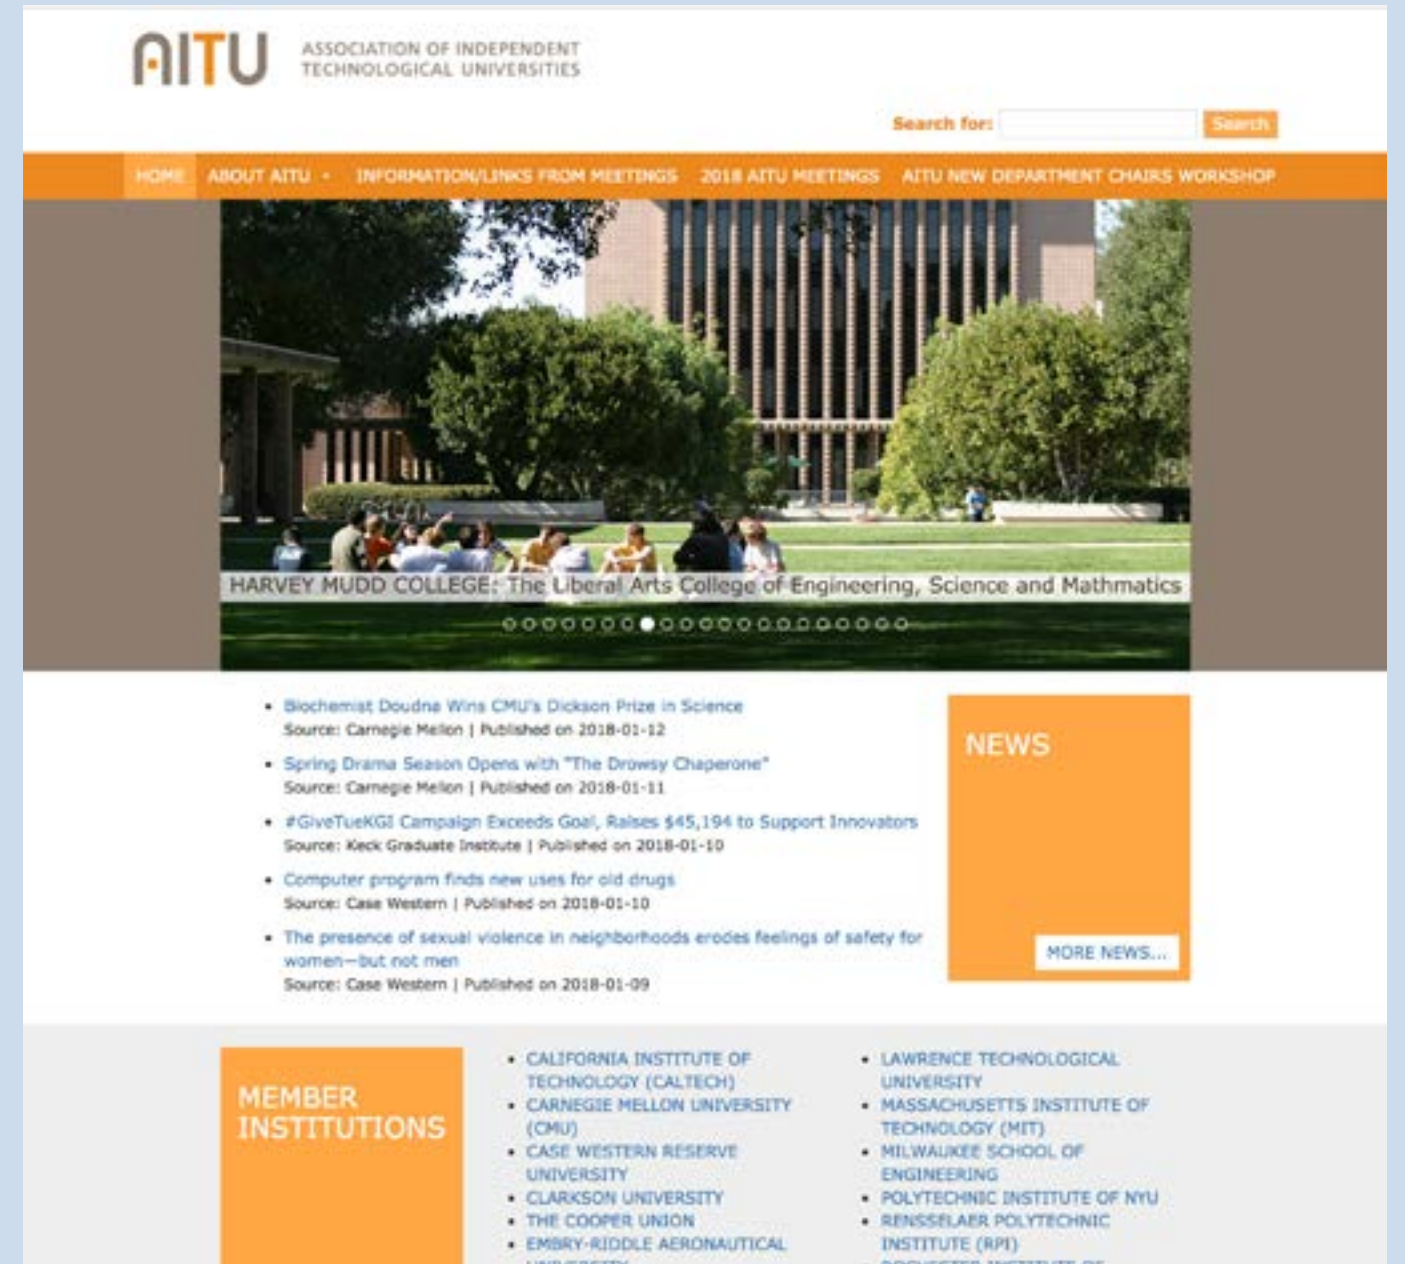

www.slcnypublictransit.com

The site is built with Drupal 9 and a custom sub-theme of Barrio Bootstrap 4 base theme. The company logo and main menu are on the big top background. Different web-pages have different titles, but same secondary menu on the different background images. The features include responsive design, Google analytics, Meta tags for improving SEO, HTML email newsletters, spam-off contact webform, Facebook page plug-in, Awesome Font icons, downloaded PDF directly, and etc.

Informational Website Example

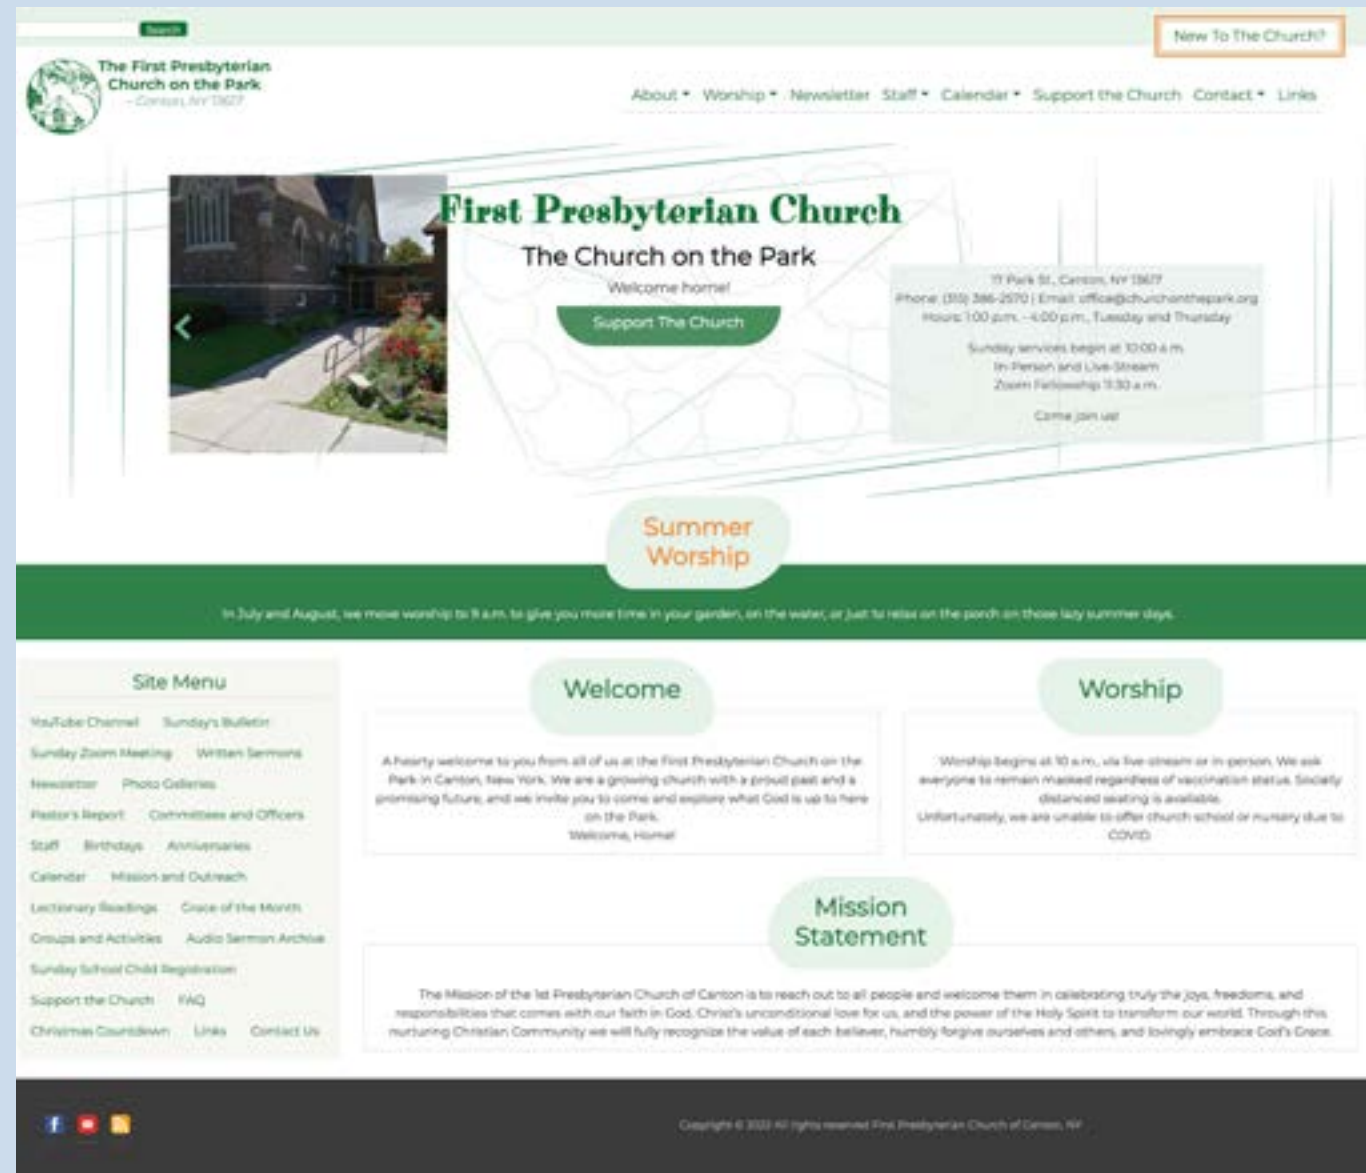

<https://theaitu.com>

The website is for Association of Independent Technological Universities. I built a WordPress custom theme using Bootstrap 4, PHP, HTML, and CSS. The slideshow is built in the theme. News feeds from all the university members.

E-Commerce Website Example

www.w8-time.com

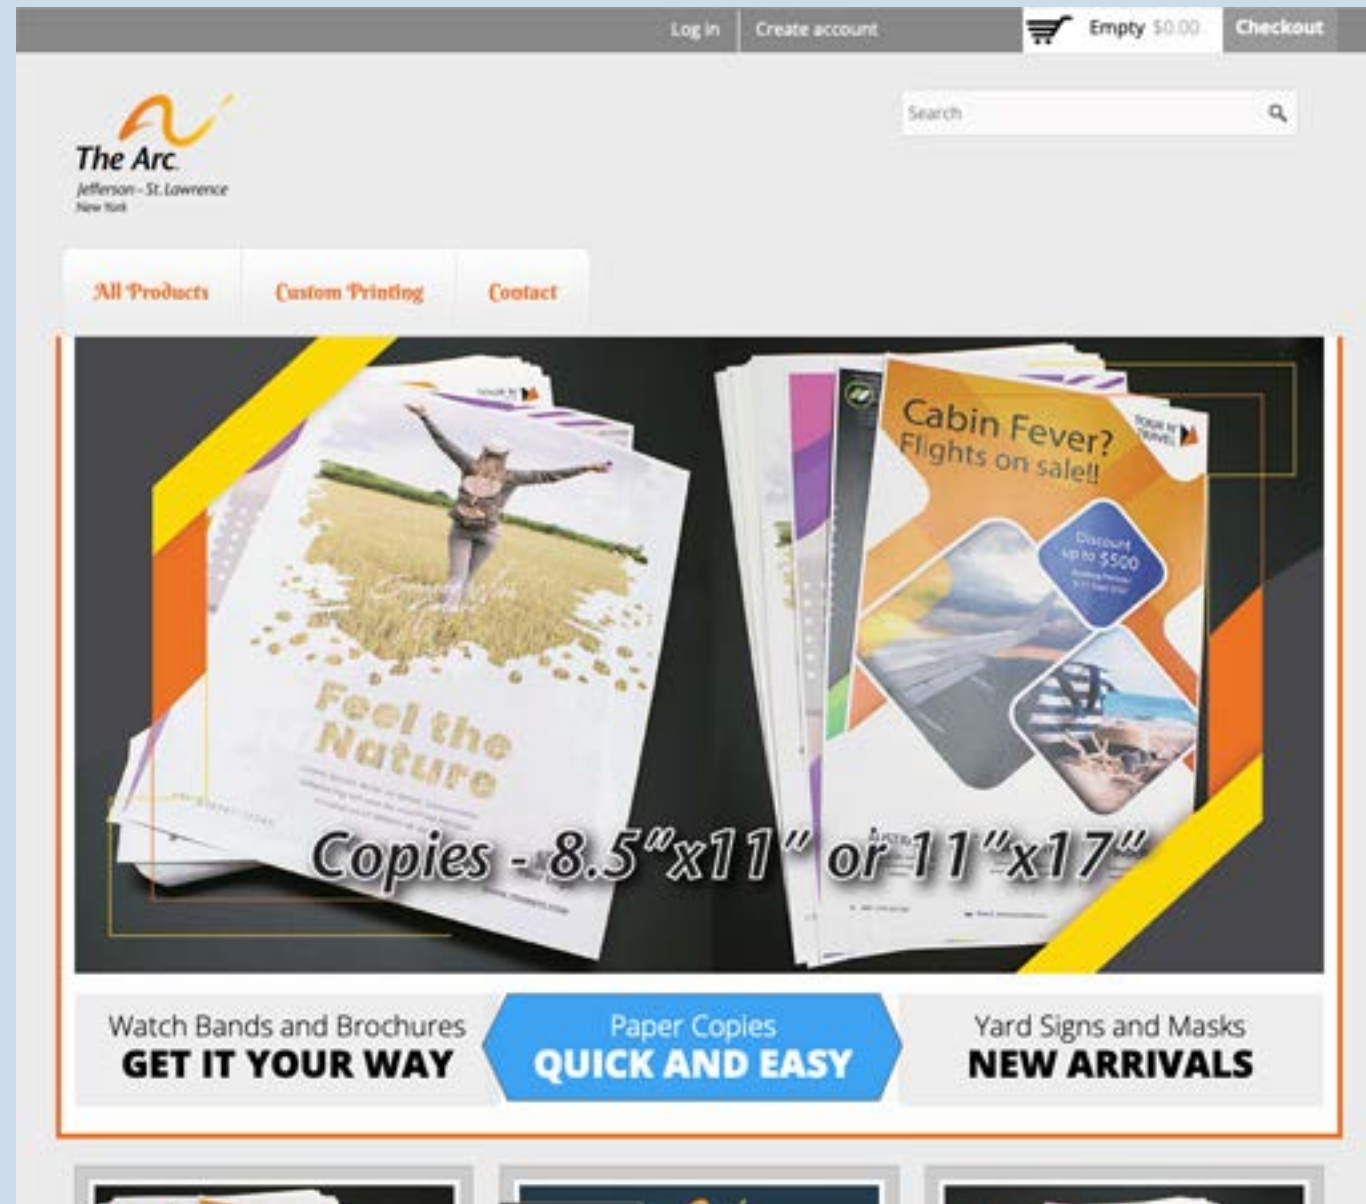

The W8 website is an eCommerce website for restaurant reservations built with WordPress and WooCommerce. The customers visit the restaurant waitlist page by scanning the QR code. They can fill out the form to join the regular waitlist or purchase a FastPass to go faster. The features include QR code, webforms, front-end table, shipping cart, credit card payment gateway, SMS and Email notifications, etc.

E-Commerce Website Example

(The online store paused because of a shortage of workers.)

Custom Printing website is built with Drupal Commerce Kickstart. I created the website www.shopthearcjslc.org all by myself, even the draft of policies. I learned making an eCommerce site as a PCI Compliance for Credit Card Payment Security. More features are full-featured on-line store system, customer membership system, and email notification system.

The diagram is divided into three main colored sections, each representing a different business model for entrepreneurs. Each section includes a title, a brief description, and a list of key features or responsibilities.

- Self-Direction (Blue background):**
 - Image:** A silhouette of a person with arms raised in a celebratory gesture against a sunset background.
 - Text:** "Owners and Adults who are eligible for (EPWSD) services and enrolled in the Home and Community Based Services Program may choose to self-direct their services."
 - Self-Direct that enables people with intellectual or developmental disabilities and their families to choose and manage their own budgets and services.
 - Often people supported greater choice and control over the supports they receive.
 - Expands their options beyond traditional programs to include services:
 - Reimbursements for software, internet, or cell phones
 - Community leisure or training
 - Care attendants
 - Camps
- Fiscal Intermediary (Orange background):**
 - Diagram:** A central circle labeled "Co-Manager" with "Employer of Record" below it. An arrow points from a hexagon labeled "Individual's Family" (with the subtext "acting as Managing Equipment or On Site Supervisor") to a hexagon labeled "Individual".
 - Text:** "The fiscal intermediary provides a multitude of support, including:
 - Providing a compliant hiring process with required background checks, insurance, training to staff, transport and security, culture, social skills.
 - Providing reimbursement based upon the individualized plan budget.
 - Text:** "The fiscal intermediary is also responsible to collect and ensure all required paper work and the accountability to ensure compliance with Medicaid (EPWSD) payments."
- Brokerage Services (Blue background):**
 - Image:** A silhouette of a boat on water with a sunset background.
 - Text:** "Support Brokers assist people with developmental disabilities who choose to self-direct their EPWSD services with budget authority to develop a service plan and manage a full Director's budget."
 - Self-Direction provides individuals direct responsibility in managing their supports and services. People participate in Self-Direction plans, select and monitor their own staff, supports and services, and their supports and services, their budget and how the funding planned for those supports and services is allocated.
