Created with Jekyll and customized with HTML, CSS, and Javascript to modern design. Webform with submissions. Blog with comments and an automatic index menu. Jekyll is a static site generator perfect for GitHub-hosted blogs. Free hosting on GitHub, so be it.

CMS Website Example

www.thearcjslc.org

The screenshot shows the homepage of the website. At the top, there's a navigation bar with links for About, Services, Membership, Foundations, News, Advocacy Resources, Employment, and Contact. Below the navigation is a banner featuring a background of tulips. The banner contains the text "Make a difference in the lives of people with disabilities!" and a quote from Julius Erving: "Goals determine what you're going to be." Below the banner, there's a section titled "Programs and Services" with several thumbnail images and labels: Bridges, Bright Beginnings, Children's Care Management, Clinical Services, HEROES, Community Arts, Community Prevocational Services, Day Habilitation, Dodge Pond, and another unlabeled thumbnail.

The site was created and developed on Drupal 9 with a custom sub-theme of the Barrio Bootstrap 5 base theme, and updated to Drupal 10. More regions are added in the sub-theme to make the layouts more flexible. Lots of features: Responsive design, Google Analytics, Meta tags for improving SEO, drop-down main menu, full-screen wide slideshow, varied big front banners with fancy CSS styles, three columns or two columns promo blocks on the front, HTML Email Newsletters, calendar with different color for event catalogs, upcoming events, image gallery, spam-off contact form, voting web-forms, on-line flipbook, Facebook page plug-in, horizontal scroll bar, etc.

About

The Arc Jefferson – St. Lawrence operates the public transportation for St. Lawrence County. Our fleet of nearly 20 vehicles travels over 1 million miles annually. Our buses are fully accessible, and anyone may ride.

First Mile Last Mile

Need a way to get to a Public Transit bus? Get in touch with the folks at the "First Mile Last Mile" program. It is free and easy, so just call [315-386-2600](tel:315-386-2600) and someone will help make all the arrangements. Don't let the program's name fool you because this service picks up and drops off people who live over a mile from the Public Transit stop.

Rates

- Obtain passes from any bus driver or at the Operations Center.
- Drivers cannot issue change. Exact fare is needed.
- Lost passes are NOT refundable, so keep them safe!
- Children under 3 ride for free.

The site was built on Drupal 8 with a custom sub-theme of Barrio Bootstrap 4 base theme, and updated to Drupal 9. The company logo and main menu are on the big top background. Different web pages have different titles but the same secondary menu on the different background images. The features include responsive design, Google analytics, Meta tags for improving SEO, HTML email newsletters, spam-off contact webform, Facebook page plug-in, Awesome Font icons, directly downloaded PDFs, etc.

www.churchonthepark.org

The screenshot shows the homepage of the First Presbyterian Church on the Park website. At the top, there's a green header bar with the church's name and a search field. Below the header is a navigation menu with links like About, Worship, Newsletter, Staff, Calendar, Support the Church, Contact, and Links. A "New To The Church?" button is highlighted with a red border. The main content area features a large image of the church building and a flower bed. A green banner across the middle says "First Presbyterian Church" and "The Church on the Park". Below that, a green button says "Support The Church". To the right, there's information about services at "17 Park St., Canton, NY 13617" and details about summer worship. The footer contains a "Site Menu" with links to various church programs and a "Welcome" section with a message from the pastor. There's also a "Worship" section and a "Mission Statement" section. Social media icons for Facebook, YouTube, and RSS are in the bottom left, and a copyright notice is in the bottom right.

The site is created and developed on Drupal 9 with a custom sub-theme of Barrio Bootstrap 5 base theme. More regions are added in the sub-theme to make the layouts more flexible. Lots of features: Responsive design, drop-down main menu, custom size slideshow, HTML Email Newsletters, calendar with different colors for event catalogs, image gallery, count-down event, spam-off contact form, etc.

E-Commerce Website Example

www.w8-time.com

The W8 website is an eCommerce website for restaurant reservations built with WordPress and WooCommerce. The customers visit the restaurant waitlist page by scanning the QR code. They can fill out the form to join the regular waitlist or purchase a FastPass to go faster. The features include QR code, webforms, front-end table, shipping cart, credit card payment gateway, SMS and email notifications, etc.

E-Commerce Website Example

(The online store paused because of a shortage of workers.)

The screenshot shows the homepage of the website. At the top, there is a navigation bar with links for 'Log in', 'Create account', 'Empty \$0.00' (with a shopping cart icon), and 'Checkout'. Below the navigation bar is the logo for 'The Arc' (Jefferson - St. Lawrence New York) and a search bar. The main content area features a large image of several custom printed brochures and travel brochures. Below this image are three promotional boxes: 'Watch Bands and Brochures GET IT YOUR WAY', 'Paper Copies QUICK AND EASY', and 'Yard Signs and Masks NEW ARRIVALS'.

The custom Printing website was built with Drupal Commerce. I created the website www.shopthearcjslc.org all by myself, even the draft of policies. I learned to make an eCommerce site as a PCI Compliance for Credit Card Payment Security. More features are a full-featured online store system, a customer membership system, and an email notification system.

Fiscal Intermediary

- Individual's Family Acting as Managing Employer or On-Site Supervisor
 - Co-Manager
 - Employer of Record
 - Individual
- The Fiscal Intermediary provides a multitude of supports, including:
- Providing a compliant hiring process with requisite background checks, required training to staff, payroll and benefits (when applicable)
 - Providing reimbursements based upon the individualized plan/budget

The Fiscal Intermediary is also responsible to collect and review all required paperwork and documentation to ensure compliance with Medicaid/OPWDD payments.

Brokerage Services

Support Brokers assist people with developmental disabilities who choose to self-direct their OPWDD services with Budget Authority to develop a service plan and manage a Self-Direction budget.

Self-Direction provides individuals direct responsibility in managing their supports and services. People who participate in Self-Direction may self-hire and manage their own staff supports and decide on the supports and services they need and how the funding allowed for these supports and services is allocated.

Office for People with Developmental Disabilities Eligibility

To be eligible for services, one must have a life-limiting disability which occurred before the age of 22 and of which includes diagnoses such as intellectual disabilities and other neurological disabilities.

Where Care Comes Together

Children's Care Management

Where Care Comes Together

Now offering comprehensive Children's Care Management to NYS Medicaid Recipients in Jefferson, Lewis, and St. Lawrence Counties.

www.thearcjlc.org

Who Can Receive Services?

To meet eligibility, the child must have two or more chronic conditions, such as but not limited to:

- Alcohol or substance abuse
- Mental health condition
- Cardiovascular disease (ex: Diabetes)
- Respiratory disease (ex: Asthma)
- Eating disorders
- Cystic fibrosis

What is a Health Home?

A "Health Home" is not a place. It is a group of health care and service providers working together to make sure that the child gets the care and services they need to stay healthy – at the right time in the right amounts.

What is the Health Home Goal?

The goal of the Health Home is to make sure children with Medicaid who have complex physical and/or behavioral health conditions get access to the care and services they need in order to be healthy.

The Health Home partners with other children's service agencies that provide Care Management to enrolled children.

A dedicated Care Manager is assigned to the child and is responsible for coordinating all of their health services.

The Care Manager can help the child and their family understand their child's condition, manage their symptoms and ensure all treatment partners remain involved with the child's care.

Benefits of Home Health Care

It's not surprising if you may feel overwhelmed or confused.

It is very difficult to navigate through the many types of services that may be available to your child.

Until now, you may have had extreme difficulty getting access to the services your child needs or you may have had a hard time getting appointments.

You may not know what to expect from services providers and may be hesitant to ask the questions you need to in order to better understand your child's condition.

If you've faced a crisis with your child or child's condition and have not had someone to call for assistance, you now have someone who is able to connect you to the proper services.

Health Home Care Management can Help!
