The site was created and developed on Drupal 9 with a custom sub-theme of the Barrio Bootstrap 5 base theme, and updated to Drupal 10. More regions are added in the sub-theme to make the layouts more flexible. Lots of features: Responsive design, Google Analytics, Meta tags for improving SEO, drop-down main menu, full-screen wide slideshow, varied big front banners with fancy CSS styles, three columns or two columns promo blocks on the front, HTML Email Newsletters, calendar with different color for event catalogs, upcoming events, image gallery, spam-off contact form, voting web-forms, on-line flipbook, Facebook page plug-in, horizontal scroll bar, etc.

## About

The Arc Jefferson – St. Lawrence operates the public transportation for St. Lawrence County. Our fleet of nearly 20 vehicles travels over 1 million miles annually. Our buses are fully accessible, and anyone may ride.

## First Mile Last Mile

Need a way to get to a Public Transit bus? Get in touch with the folks at the "First Mile Last Mile" program. It is free and easy, so just call [315-386-2600](tel:315-386-2600) and someone will help make all the arrangements. Don't let the program's name fool you because this service picks up and drops off people who live over a mile from the Public Transit stop.

## Rates

- Obtain passes from any bus driver or at the Operations Center.
- Drivers cannot issue change. Exact fare is needed.
- Lost passes are NOT refundable, so keep them safe!
- Children under 3 ride for free.

The site was built on Drupal 8 with a custom sub-theme of Barrio Bootstrap 4 base theme, and updated to Drupal 9. The company logo and main menu are on the big top background. Different web pages have different titles but the same secondary menu on the different background images. The features include responsive design, Google analytics, Meta tags for improving SEO, HTML email newsletters, spam-off contact webform, Facebook page plug-in, Awesome Font icons, directly downloaded PDFs, etc.

# Informational Website Example

[www.churchonthepark.org/cotp/web](http://www.churchonthepark.org/cotp/web)

The screenshot shows the homepage of the First Presbyterian Church website. At the top, there's a navigation bar with links for About, Worship, Newsletter, Staff, Calendar, Support the Church, Contact, and Links. A search bar is at the top right. The main content area features a large image of the church building, a "Summer Worship" callout, and a "Welcome home!" message. Below this, there's a "Support The Church" button and a "Summer Worship" section. To the left, a "Site Menu" sidebar lists various church activities like YouTube Channel, Sunday's Bulletin, and Pastor's Report. At the bottom, there's a footer with social media links and a copyright notice.

The site is created and developed on Drupal 9 with a custom sub-theme of Barrio Bootstrap 5 base theme. More regions are added in the sub-theme to make the layouts more flexible. Lots of features: Responsive design, drop-down main menu, custom size slideshow, HTML Email Newsletters, calendar with different colors for event catalogs, image gallery, count-down event, spam-off contact form, etc.

The screenshot shows the homepage of the W8 e-commerce website. It features a red header with "HOME", "PARTNERS", a cart icon, and "\$0.00 0 items". The main banner says "Welcome to W8" and "Restaurant Reservation Website". Below the banner are four small images of restaurant interiors labeled "Restaurant A", "Restaurant B", "Restaurant C", and "Restaurant D". Each restaurant has a QR code below it. The background of the page has a blue and white abstract pattern.

The W8 website is an eCommerce website for restaurant reservations built with WordPress and WooCommerce. The customers visit the restaurant waitlist page by scanning the QR code. They can fill out the form to join the regular waitlist or purchase a FastPass to go faster. The features include QR code, webforms, front-end table, shipping cart, credit card payment gateway, SMS and email notifications, etc.

**Employer of Record**

**Individual**

The Fiscal Intermediary provides a multitude of supports, including:

- Providing a compliant hiring process with requisite background checks, received training to staff, payroll and benefits (when applicable)
- Providing reimbursements based upon the individualized plan/budget

The Fiscal Intermediary is also responsible to collect and review all required paperwork and documentation to ensure compliance with Medicaid/OPWDD payments.

**Self-Direction** assists people with intellectual or developmental disabilities and their families to choose and manage their own budgets and services:

- Offers people supported greater choice and control over the supports they receive
- Expands their options beyond traditional programs to include services:
  - Reimbursements for software, internet, or cell phones
  - Community classes or training
  - Gym memberships
  - Camps

**Brokerage Services**

Support Brokers assist people with developmental disabilities who choose to self-direct their OPWDD services with Budget Authority to develop a service plan and manage a Self-Direction budget.

**Self-Direction** provides individuals direct responsibility in managing their supports and services. People who participate in Self-Direction may self-hire and manage their own staff supports and decide on the supports and services they need and how the funding allowed for these supports and services is allocated.

**Who Can Receive Services?**

To meet eligibility, the child must have two or more chronic conditions, such as but not limited to:

- Alcohol or substance abuse
- Mental health condition
- Cardiovascular disease (ex: Diabetes)
- Respiratory disease (ex: Asthma)
- Eating disorders
- Cystic fibrosis

**What is a Health Home?**

A "Health Home" is not a place. It is a group of health care and service providers working together to make sure that the child gets the care and services they need to stay healthy – at the right time in the right amounts.

**Benefits of Home Health Care**

It's not surprising if you may feel overwhelmed or confused.

Until now, you may have had extreme difficulty getting access to the services your child needs or you may have had a hard time making appointments.

You may not know what to expect from services providers and may be hesitant to ask the questions you need to in order to better understand your child's condition.

If you've faced a crisis with your child or child's condition and have not had someone to call for assistance, you now have someone who is able to connect you to the proper services.

**Health Care Management can Help!**

The goal of the Health Home is to make sure children with Medicaid who have complex physical and/or behavioral health conditions get access to the care and services they need in order to be healthy.

The Health Home partners with other children's service agencies that provide Care Management to enrolled children.

A dedicated Care Manager is assigned to the child and is responsible for coordinating all of their health services.

The Care Manager can help the child and family understand their chronic condition, manage their symptoms and ensure all treatment partners remain involved with the child's care.
