**Welcome**

A hearty welcome to you from all of us at the First Presbyterian Church on the Park in Canton, New York. We are a growing church with a proud past and a promising future, and we invite you to come and explore what God is up to here on the Park.  
Welcome, Home!

**Worship**

Worship begins at 10 a.m., via live-stream or in-person. We ask everyone to remain masked regardless of vaccination status. Socially distanced seating is available.  
Unfortunately, we are unable to offer church school or nursery due to COVID.

**Mission Statement**

The Mission of the 1st Presbyterian Church of Canton is to reach out to all people and welcome them in celebrating truly the joys, freedoms, and responsibilities that comes with our faith in God, Christ's unconditional love for us, and the power of the Holy Spirit to transform our world. Through this nurturing Christian Community we will fully recognize the value of each believer, humbly forgive ourselves and others, and lovingly embrace God's Grace.

**About**

The Arc Jefferson – St. Lawrence operates the public transportation for St. Lawrence County. Our fleet of nearly 20 vehicles travels over 1 million miles annually. Our buses are fully accessible, and anyone may ride.

**First Mile Last Mile**

Need a way to get to a Public Transit bus? Get in touch with the folks at the "First Mile Last Mile" program. It is free and easy, so just call [315-386-2600](tel:315-386-2600) and someone will help make all the arrangements. Don't let the program's name fool you because this services picks up and drops off people who live over a mile from the Public Transit stop.

**Rates**

- Obtain passes from any bus driver or at the Operations Center.
- Drivers cannot issue change. Exact fare is needed.

The site is built with Drupal 9 and a custom sub-theme of Barrio Bootstrap 4 base theme. The company logo and main menu are on the big top background. Different web-pages have different titles, but same secondary menu on the different background images. The features include responsive design, Google analytics, Meta tags for improving SEO, HTLM email newsletters, spam-off contact webform, Facebook page plug-in, Awesome Font icons, downloaded PDF directly, and etc.

**Through this Partnership the CNYHHC Can Help**

Get the information and confidence to be an informed partner in making decisions to improve your child's health.

Understand the options available for care so you can choose wisely.

Provide resources and education to help a child get healthy and stay healthy.

**Who Can Receive Services?**

To meet eligibility, the child must have two or more chronic conditions, such as but not limited to:

- Alcohol or substance abuse
- Mental health condition
- Cardiovascular disease (ex: Diabetes)
- Respiratory disease (ex: Asthma)
- Eating disorders
- Cystic fibrosis

The following chronic conditions apply:

- HIV/AIDS
- Complex trauma
- SED (severe emotional disturbance)

For a complete list of conditions, visit <http://www.health.ny.gov>

If your child meets the eligibility criteria and is in need of care management services, they can be enrolled into the Health Home Program.

**What is a Health Home?**

A "Health Home" is not a place. It is a group of health care and service providers working together to make sure that the child gets the care and services they need to stay healthy – at the right time in the right amounts.

**Benefits of Home Health Care**

It's not surprising if you may feel overwhelmed or confused.

It is very difficult to navigate through many types of services that may be available to your child.

Until now, you may have had extreme difficulty getting access to the services your child needs or you may have had a hard time getting appointments.

You may not know what to expect from services providers and may be hesitant to ask the questions you need to in order to better understand your child's condition.

If you've faced a crisis with your child or child's condition and have not had someone to call for assistance, you now have someone who is able to connect you to the proper services.

**Health Home Care Management can Help!**

The goal of the Health Home is to make sure children with Medicaid who have complex physical and/or behavioral health conditions get access to the care and services they need in order to be healthy.

The Health Home partners with other children's service agencies that provide Care Management to enrolled children.

A dedicated Care Manager is assigned to the child and is responsible for coordinating all of their health services.

The Care Manager can help the child and family understand their chronic condition, manage their symptoms and ensure all treatment partners remain involved with the child's care.

**Office for People with Developmental Disabilities Eligibility**

To be eligible for services, one must have a life-long disability which occurred before the age of 22 and of which includes diagnoses such as intellectual disabilities and other neurological disabilities.

The first step to get connected to Bridges is to contact your local Front Door Office. The way OPWDD connects you to the services you need is through your Front Door. You will be asked information and once determined if you are eligible you can begin the planning process. All participants must be Medicaid eligible and have gone through the OPWDD Front Door.

**Through this Partnership the CNYHHC Can Help**

Get the information and confidence to be an informed partner in making decisions to improve your child's health.

Understand the options available for care so you can choose wisely.

Provide resources and education to help a child get healthy and stay healthy.

**Who Can Receive Services?**

To meet eligibility, the child must have two or more chronic conditions, such as but not limited to:

- Alcohol or substance abuse
- Mental health condition
- Cardiovascular disease (ex: Diabetes)
- Respiratory disease (ex: Asthma)
- Eating disorders
- Cystic fibrosis

The following chronic conditions apply:

- HIV/AIDS
- Complex trauma
- SED (severe emotional disturbance)

For a complete list of conditions, visit <http://www.health.ny.gov>

If your child meets the eligibility criteria and is in need of care management services, they can be enrolled into the Health Home Program.

**What is a Health Home?**

A "Health Home" is not a place. It is a group of health care and service providers working together to make sure that the child gets the care and services they need to stay healthy – at the right time in the right amounts.

**Benefits of Home Health Care**

It's not surprising if you may feel overwhelmed or confused.

It is very difficult to navigate through many types of services that may be available to your child.

Until now, you may have had extreme difficulty getting access to the services your child needs or you may have had a hard time getting appointments.

You may not know what to expect from services providers and may be hesitant to ask the questions you need to in order to better understand your child's condition.

If you've faced a crisis with your child or child's condition and have not had someone to call for assistance, you now have someone who is able to connect you to the proper services.

**Health Home Care Management can Help!**

The goal of the Health Home is to make sure children with Medicaid who have complex physical and/or behavioral health conditions get access to the care and services they need in order to be healthy.

The Health Home partners with other children's service agencies that provide Care Management to enrolled children.

A dedicated Care Manager is assigned to the child and is responsible for coordinating all of their health services.

The Care Manager can help the child and family understand their chronic condition, manage their symptoms and ensure all treatment partners remain involved with the child's care.
